

ANNUAL CITIZENS FOR EASTON MEMBERSHIP DRIVE! HELP US PROTECT OUR RESERVOIRS, WELLS & ZONING

Easton faces continuing challenges to our environment and quality of life:

- *Threats to the purity of our drinking water
- *Radical changes in zoning
- *Commercialization
- *Proposed Cluster Housing
- *Increased traffic & burdens on our safety and security providers

CFE strives to preserve our town character by raising awareness, working with our Town government, proposing changes to our State laws to strengthen environmental protection, and making the voices of the citizens of Easton heard.

This year, we've worked diligently to prevent the pollution of our reservoirs and aquifers by appealing the approval of Saddle Ridge.

We opposed changes to the Easton Town Plan that would introduce a commercial zone in town and cluster housing, and advocated to keep the South Park parcel as open space.

We cannot undertake these goals to protect our water, air and character without your support. Please help us to keep Easton the jewel and agricultural Eden of Fairfield County.

WE NEED YOU! Please join now by mailing a check to **Citizens for Easton** in the enclosed envelope. For **PayPal** visit our website: citizensforeaston.org Your gift is tax deductible to the extent allowed by the law. **Citizens for Easton** is a registered 501(c)(3) organization.

Enclosed please find my contribution for (\$20 family, \$30 sponsor, \$40 patron, or more!) \$_____
